Workers' Compensation 101 - An Introduction to Ohio's Workers' Compensation System

This session designed for both private and public (cities, villages, counties, townships, schools, etc.) employers will provide a complete summary of the fundamental principles of Ohio's workers' compensation system. It is especially beneficial to those new to the system as it provides an understanding of the roles and responsibilities of the resources available to you: the Bureau of Workers' Compensation (BWC), Industrial Commission (IC), Third Party Administrator (TPA) and Managed Care Organization (MCO). We will also discuss post injury protocol as well as useful safety and accident prevention information. This session has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers.

Return to Work Strategies

Getting an injured employee back to full duty work can be a challenging and confusing process. In this session designed for both private and public (cities, villages, counties, townships, schools, etc.) employers, we will review the steps to take when offering transitional duty (from obtaining restrictions through a full duty release). We will also walk through the decision process involved in offering wage/salary continuation and highlight the importance of monitoring lost time claims. In addition, we will review the various programs offered through vocational rehabilitation including their applications and cost implications. This session has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers.

Public Employers: Gaining a Better Understanding of the True-Up Process

With the first year of prospective billing completed, all public employers (villages, cities, counties, schools, water conservancies, libraries, townships, etc.) must complete the Bureau of Workers' Compensation (BWC) True-Up process. True-Up reports must be completed by all employers to reconcile the January 1, 2016 - December 31, 2016 actual payroll versus estimated payroll. This session will review the process, the report and the requirements for all public employers to aid in meeting the BWC's February 15, 2017 deadline for completing the report. This session has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers.

Understanding Your Rate Calculation and the Factors That Drive Your Cost

With a focus on what factors drive your premiums, this session will drill down to show how the Bureau of Workers' Compensation (BWC) calculates an employer's premium rate and explain the individual steps that go into determining the experience modifier. We will show how an individual claim can impact the rate calculation and touch on some claims management strategies that can be employed to favorably impact the calculation. This session has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers.
