

Client Education Program Workers' Compensation

A comprehensive webinar-based educational program offered to current clients covering a variety of topics within the workers' compensation industry.

2020 Series

Our workers' compensation educational series is designed to familiarize yourself with Ohio's workers' compensation system and show you how to maximize your program.

In addition to the sessions listed, special webinars may also be scheduled throughout 2020 on unique topics. All webinar times listed are est/edt and are approximately 60 minutes in length.

Please make sure we have your email address on file so you do not miss your opportunity to attend. Please call us at (800) 825-6755, option 3 or email us at customer.update@sedgwick.com to submit your email address or update current information. When new sessions are added, communications will be sent 3 weeks in advance of the session date via email.

Please note: Our client education program is intended as an educational opportunity for clients of CompManagement only unless otherwise communicated during the promotion, registration or confirmation of each topic. Ohio Bureau of Workers' Compensation (BWC) safety training requirements and/or continuing education units (CEUs) are only applicable for webinar sessions when specified in the description. Recorded webinars do not qualify for BWC training requirements or CEUs.

WEBINAR REGISTRATION

1. Send email to:
seminarrsvp@sedgwick.com

2. Include the following:

- Attendee name(s)
- Company name
- BWC policy number
- Date/session name to attend

Please contact us with questions at seminarrsvp@sedgwick.com.

Once your email is received, a confirmation email will be sent to your attention from seminarrsvp@sedgwick.com. Please be sure to add this email address to your Safe Sender file so future emails will be received. Two business days prior to the session date, an email will be sent to your attention which will include detailed instructions on how to join the webinar along with a copy of the presentation (if applicable).

Introduction to Workers' Compensation

This session designed for both private and public (cities, villages, counties, townships, schools, etc.) employers will provide a complete summary of the fundamental principles of Ohio's workers' compensation system. It is especially beneficial to those new to the system as it provides an understanding of the roles and responsibilities of the resources available to you: the Bureau of Workers' Compensation (BWC), Industrial Commission (IC), Third Party Administrator (TPA) and Managed Care Organization (MCO). We will also discuss post injury protocol as well as useful safety and accident prevention information. This session has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers. To be eligible, the attendee must remain in the webinar for at least 75% of the total time.

Client Education Program Workers' Compensation

Understanding your rate calculation and the factors that drive your cost

With a focus on what factors drive your premiums, this session will drill down to show how the Bureau of Workers' Compensation (BWC) calculates an employer's premium rate and explain the individual steps that go into determining the experience modifier. We will show how an individual claim can impact the rate calculation and touch on some claims management strategies that can be employed to favorably impact the calculation. This webinar has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers. To be eligible, the attendee must remain in the webinar for at least 75% of the total time.

BWC Destination Excellence program options

The Ohio Bureau of Workers' Compensation (BWC) Destination Excellence is a portfolio of programs that encourages employers to increase worker safety and reduce costs. The options include Administrative rebates, Safety Council rebates, an Industry Specific bonus, a Drug-Free Safety incentive and a Transitional Work Grant and bonus. This session will define the individual programs, outline the available discounts/rebates associated with each and navigate the requirements, as well as the compatibility and deadlines. This webinar has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers. To be eligible, the attendee must remain in the webinar for at least 75% of the total time.

7 steps to a successful workers' compensation program

It is important to prioritize workplace safety and protocols in order to protect your employees and your financial assets no matter the type or size of employer. Fortunately, there are often opportunities to achieve positive results. In this session we will provide some proven approaches to help your company develop a culture where all members of the organization take an active part in the workers' compensation program. These steps will not only help lower the probability of an accident but will also help strengthen employee relations resulting in improved morale, increased employee productivity and ideally increasing the likelihood of an improved program. This webinar has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers. To be eligible, the attendee must remain in the webinar for at least 75% of the total time.

Spotlight on public employers

CompManagement works with more public employers (cities, counties, villages, schools, water conservancies, libraries, townships, etc.) than any other third party administrator (TPA) in Ohio which allows us to be in a unique position to provide expert advice. This session will explore the various ways in which the Ohio Bureau of Workers' compensation (BWC) treats public and private employers differently. We will review the dates that are important for public employers and look at unique areas of coverage such as sending your first responders to another state in times of emergency. We will examine the specific steps required to provide coverage to your volunteers and identify items you should consider when determining whether to obtain this additional coverage. Claim allowance is another area that impacts public employers differently and we will discuss exposure claims and fire fighter cancer claims. The session will also touch on things to consider regarding wage continuation as addressed in your policies and union agreements. Finally, we will discuss cost relief and assistance available through motor vehicle accident subrogation and Safety Intervention Grants. This webinar has been certified by the Ohio Bureau of Workers' Compensation for 1-hour of the 2-hour safety training requirement for group and group retrospective-rated employers. To be eligible, the attendee must remain in the webinar for at least 75% of the total time.
